

🔥 Graves just woke up from *hell*. Whatever Kain did to him, pushing too hard now could break him.

You **shake your head**.

Joel: *"Not yet. You need rest first."*

💀 Graves blinks—surprised.

He looks **like he expected an interrogation. Maybe even a fight.**

Instead, **you hand him a water bottle.**

Graves (hoarse): *"...You trust me?"*

🔥 **Not yet. But you *do* need him alive.**

Mira **kneels beside him, checking his vitals.**

Mira: *"Your body's been through hell. Whatever they pumped into you—it'll take time to flush out."*

Naomi **nods, scanning her tablet.**

Naomi: *"The Association will regroup soon. We need to lay low and plan our next move."*

Dante **grins, flipping his knife.**

Dante: *"Agreed. But when we do move? I say we hit back hard."*

🔥 **For now, you've escaped. But Kain won't stop.**

💀 **This war is just beginning.**

🔑 NEXT STEP – YOUR CHOICE

🔍 **Scout the Hunter Association's Next Move** – Figure out how they'll retaliate.

🔎 **Investigate What Kain Did to Graves** – Find medical data or past experiments.

🗡️ **Plan an Offensive Strike** – Instead of running, take the fight to Kain first.

🔥 **Your move, Joel!**

Action Chosen: Plan an Offensive Strike

🔥 You've been running long enough. It's time to *hit back*.

You look around at your team—Graves still recovering, Naomi scanning intel, Mira checking supplies, Dante flipping his knife with a knowing smirk.

💀 The Hunter Association is still out there. Kain is still in control.

If you wait too long, **they'll recover**.

Joel: *"We don't sit and wait for them to come after us. We strike first."*

Dante **grins, cracking his knuckles**.

Dante: *"Now we're talking."*

Naomi **exhales sharply**.

Naomi: *"I figured you'd say that. Good thing I pulled some data before we left."*

💻 She taps her tablet, bringing up Kain's network.

📌 Possible Targets:

◆ ~~1~~ Elias Kain's Personal Safehouse – High risk, but hitting him directly could shake him.

◆ ~~2~~ A Hunter Association Research Facility – Likely holds evidence on Project Echo & the experiments.

◆ ~~3~~ A Corrupt Guild Working with Kain – Take out his allies and weaken his power base.

🔥 Your first strike sets the tone for this war. Choose carefully.

💀 Where do you hit first, Joel?

Action Chosen: Attack a Hunter Association Research Facility

🔥 Kain is dangerous, but his *power* comes from his secrets.

💀 If you expose Project Echo and the experiments, you weaken him—and maybe turn the Association against him.

You nod to Naomi.

Joel: *"We hit a research site. Find me a target."*

Naomi pulls up more data, scanning quickly.

Naomi: *"Got one. A classified Hunter Association black lab outside the city."*

📌 **TARGET: HUNTER ASSOCIATION RESEARCH SITE – "OMEGA FACILITY"**

- ◆ Located in an underground bunker, camouflaged as a medical facility.
- ◆ Classified records suggest "bio-enhancement testing" on captured Hunters.
- ◆ High security—only key personnel allowed inside.

Dante (grinning): *"So... we crash their little science fair?"*

🔥 Exactly.

📌 STEP ONE – INFILTRATION PLAN

💀 Getting inside won't be easy. Security will be tight. You need a strategy.

- ◆ 1 Disguise as Hunter Association Agents – Risky, but could get you inside undetected.
- ◆ 2 Take Out a Supply Convoy & Enter Through the Loading Bay – Classic stealth insertion.
- ◆ 3 Blow Open a Side Entrance & Go In Fast – Loud, dangerous, but direct.

🔥 Your call, Joel. How do you breach Omega Facility?

Action Chosen: Take Out a Supply Convoy & Enter Through the Loading Bay

🔥 A full frontal assault is too risky. But slipping in with *authorized access*? That's your best shot.

You turn to Naomi.

Joel: *"Find me a convoy heading to Omega Facility."*

She types fast, scanning traffic logs and security clearances.

🖥️ LOCATING SUPPLY ROUTE...

📍 TARGET: HUNTER ASSOCIATION SUPPLY TRANSPORT – "BRAVO-7"

◆ Disguised as a medical shipment.

◆ Two trucks, one escort vehicle.

◆ ETA: 3 hours from now, heading to the facility's underground entrance.

Dante grins, cracking his knuckles.

Dante: *"So we hijack the convoy, walk right in, and wreck the place from the inside?"*

Mira adjusts her gear, nodding.

Mira: *"Efficient. I like it."*

🔥 Time to move.

🔑 STEP TWO – AMBUSHING THE CONVOY

💀 You need to take the convoy without raising alarms.

◆ 1. Set Up an Ambush on the Highway – Block the road and take them by force.

◆ 2. Infiltrate as Fake Security Personnel – Trick them into letting you inside the convoy.

◆ 3. Take Out the Escort Vehicle First & Pick Off the Trucks One by One – Isolate, then strike.

🔥 What's your play, Joel?

Action Chosen: Infiltrate as Fake Security Personnel

🔥 If you can get inside the convoy without raising suspicion, you'll have *direct access* to the facility.

💀 No alarms. No unnecessary fights. Just deception.

You turn to Naomi.

Joel: *"Can you forge clearance IDs?"*

Naomi **smirks**.

Naomi: *"Can I—? Please. Give me ten minutes."*

💻 HACKING INTO HUNTER ASSOCIATION TRANSPORT DATABASE...

📄 FAKE SECURITY CLEARANCE CREATED – LEVEL 4 ACCESS.

◆ Identities Assigned:

- Joel – Security Lead (Callsign: Shade)
- Dante – Backup Guard
- Naomi – Medical Logistics Officer
- Mira – Medical Support Staff
- Graves – Classified Cargo (Unconscious & restrained for cover)

🔥 You're officially "assigned" to this transport now.

🔑 CONVOY INFILTRATION – THE EXECUTION

🚚 The supply convoy is currently making a routine stop at a rest station just outside the city.

💀 Now's your chance to swap in.

FINAL CHOICE – HOW DO YOU TAKE THEIR PLACE?

◆ 📄 Lure the Real Security Team Away & Knock Them Out Quietly – Take their uniforms and IDs without a scene.

◆ **Jam Their Communications & Replace Them Before They Report In** – Riskier, but no bodies left behind.

◆ **Use a Fast, Silent Attack & Take Them Out Before They Can React** – Quick, clean, but leaves evidence.

🔥 **How do you make the switch, Joel?**

Action Chosen: Jam Their Communications & Replace Them Before They Report In

🔥 **No noise. No bodies. Just a perfect switch.**

You turn to Naomi.

Joel: *“Can you cut their comms before their next check-in?”*

Naomi **grins**.

Naomi: *“Already on it.”*

🖥️ **JAMMING HUNTER ASSOCIATION TRANSPORT SIGNALS...**

📄 **STATUS: COMMS DISABLED (15 MINUTES)**

🔥 **Fifteen minutes. That’s all you have to swap in before their absence is noticed.**

🔑 **EXECUTING THE INFILTRATION – REST STOP, OUTSIDE CITY LIMITS**

🚚 **The convoy is stopped at a quiet fueling station.**

💀 **Two supply trucks. One security escort SUV. Five guards.**

🔥 **They don’t know they’re already off the grid.**

👉 **You move in.**

- ◆ Dante and Joel approach in stolen security uniforms.
- ◆ Naomi and Mira stay back, prepping gear.
- ◆ Graves is unconscious, playing the role of ‘secured cargo.’

 **GUARD (checking watch):** *“We’re late on check-in.”*

Joel (calmly): *“New protocol. Surprise personnel rotation. Didn’t get the memo?”*

 **Bluff check.**

 **The guards exchange glances—uncertain.**

One of them **reaches for his radio.**

 **GUARD:** *“Let me confirm with HQ.”*

 **His comms are dead.**

His **brows furrow in confusion.**

 **Dante doesn’t give him time to think.**

 **THWACK!** A swift elbow to the temple. **The guard drops.**

 **You and Dante take down the others before they even realize they’ve been compromised.**

 **Flawless execution.**

STATUS: INFILTRATION SUCCESSFUL

 **Your team is now in full control of the convoy.**

 **NEW IDENTITIES ASSIGNED – YOU ARE NOW “BRAVO-7”**

Naomi **adjusts her new uniform, exhaling.**

Naomi: *“I can’t believe that actually worked.”*

Dante **grins, hopping into the driver’s seat.**

Dante: *“Believe it, sweetheart. Now let’s get moving before someone does check in.”*
