Action Chosen: Use the Emergency Tunnels

 **Fighting through an entire Hunter Association facility? Suicide. But if there’s another way out...**

 **You’re taking it.**

Joel (to Naomi): “Find me an escape route. Now.”

Naomi frantically scans the terminal, searching for structural weaknesses.

 **ACCESSING FACILITY MAP...**

 **EMERGENCY EVACUATION TUNNELS LOCATED**

◆ **Old maintenance shafts running under the lab.**

◆ **No active security—considered obsolete.**

◆ **Possibly unstable.**

 **A gamble. But better than running into armed guards.**

Mira (grabbing her gear): “If we’re doing this, we need to move.”

🔑 ESCAPING THROUGH THE EMERGENCY TUNNELS

🚒 Alarms blare. Security teams mobilize. But you're already gone.

👉 You push through the facility's lower levels, prying open an old, rusted maintenance hatch.

💀 Darkness yawns below. A deep tunnel leading... somewhere.

Dante **grins**, already climbing in.

Dante: *"Hope nobody's afraid of tight spaces."*

💧 You drop down—just as boots echo from above.

🚒 SECURITY (shouting): *"LOCKDOWN THE LOWER LEVELS! FIND THEM!"*

💀 Too late. You're already underground.

🔑 TUNNEL ESCAPE – FINAL OBSTACLE

👉 The tunnels stretch deep, lined with rusted pipes and flickering lights.

📄 STATUS: PURSUERS INCOMING

Naomi **glances back**, voice tense.

Naomi: *"They're tracking us."*

Mira: *"We need to block the entrance. Buy time."*

FINAL CHOICE – HOW DO YOU SLOW THEM DOWN?

💠 1 Collapse the Tunnel Behind You – Permanent, but dangerous.

💠 2 Set a Trap – Catch them off guard and keep moving.

💠 3 Split Up & Regroup Later – Confuse them, but risky for the team.

🔥 Make the call, Joel!

Action Chosen: Set a Trap

🔥 If they want to chase you, make them *regret* it.

You scan the tunnel quickly.

🔑 Narrow space. Old pipes. Weak support beams.

💀 Perfect.

Joel (to Dante): *"We slow them down. Got anything explosive?"*

Dante grins, already pulling out two small charges.

Dante: *"I thought you'd never ask."*

🔑 SETTING THE TRAP

👉 You and Dante rig the tunnel—placing explosives along a weak structural point.

Mira watches the entrance, gun raised.

Naomi pulls Graves forward, whispering: *"Almost there. Stay with me."*

🔥 Then—you hear it.

🚒 BOOTS. VOICES. HUNTERS INCOMING.

💀 Too late for them.

You press the detonator—

💣 BOOM!

🔑 RESULTS – SECURITY TEAM NEUTRALIZED

💣 The explosion rocks the tunnel. Dust and debris crash down, blocking the passage.

📡 DISTANT SHOUTS—STATIC IN COMMS—THEY'RE CUT OFF.

🔥 You bought time. Now you run.

🔑 EXITING THE TUNNELS – FREEDOM

👉 You push forward, lungs burning, the tunnel sloping upward—

💡 Then—cold air. Open sky. The city lights ahead.

💀 You're out.

🔑 MISSION SUCCESS – WHAT YOU ACCOMPLISHED

✅ Leaked Project Echo Files – Kain is *exposed* to the world.

✅ Escaped Omega Facility – No captures, no casualties.

✅ Kept Graves Alive – He's still weak, but recovering.

✅ Left a Crippled Security Team Behind – The Association is *reeling*.

🔥 You just shattered their control. But now?

💀 They'll be coming for *you*.

🔑 NEXT MOVE – YOUR CHOICE

💠 1 Go Completely Off-Grid – Hide while the world reacts to the leak.

💠 2 Find Allies Before Kain Retaliates – You'll need backup for what's coming.

💠 3 Strike Again Before They Recover – Keep the pressure on Kain *now*.

🔥 You shook the world, Joel. What's your next move?

Action Chosen: Go Completely Off-Grid

🔥 You just exposed the Hunter Association's darkest secret. Now? You disappear.

Joel (to the team): *"We need to lay low. Let the world react before we move again."*

Dante **nods, tossing away his empty detonator.**

Dante: *"Smart. We just kicked the beehive—no need to stand around and get stung."*

Naomi **checks her tablet, scanning escape routes.**

Naomi: *"I know a place. It's not fancy, but no one will find us."*

💀 You vanish into the night.

🔑 SAFEHOUSE – UNKNOWN LOCATION

☞ Hours later, you arrive at an abandoned warehouse far outside the city.

🔑 Location: Classified

🔑 Status: Untraceable

🔥 It's quiet. Isolated. Safe.

Graves **sits against the wall, rubbing his face.** He looks... *human* again.

Mira **hands him water, keeping a close watch on his condition.**

Naomi **collapses onto a dusty couch, exhausted.**

Dante **leans against a crate, grinning.**

Dante: *"So, rookie. We're ghosts now. What's the next move?"*

🔑 YOUR NEXT STEP – TIME TO PLAN

◆ ☐ Monitor the Public's Reaction to the Leak – See how the world responds before taking action.

◆ ☒ Try to Contact a Hunter Guild That Opposes Kain – You'll need allies eventually.

◆ **Focus on Healing & Training Before the Next Strike** – Make sure everyone is at full strength.

🔥 **The world is watching. What's your call, Joel?**

Action Chosen: Focus on Healing & Training Before the Next Strike

🔥 **You won the battle, but the war is far from over.**

If Kain retaliates—and he *will*—you need to be **stronger, faster, and ready**.

Joel (to the team): *"No one makes a move until we're at full strength. We rest. We train. Then we hit back harder."*

Mira **nods, already tending to Graves**.

Mira: *"Good call. If we keep pushing like this, we'll break."*

Dante **grins, cracking his knuckles**.

Dante: *"Fine. But don't think I'm going easy on you, rookie."*

🔥 **You're about to get stronger.**

🔑 **TRAINING & RECOVERY PHASE**

🔥 If you can't win a fight, you won't survive this war. Time to become *deadlier*.

You turn to Dante.

Joel: *"I want to be faster. Stronger. No wasted movement."*

Dante grins, already stretching.

Dante: *"Heh. You're finally getting serious. Good. Now let's see if you can keep up."*

💀 Training begins.
