Action Chosen: Take Everyone to the Surface

🔥 No more secrets. No more experiments. You get *everyone* out—and then you *erase* this place.

💀 You finish the mission, but no one gets left behind.

🔑 ESCAPING BLACKSITE OMEGA-2

👉 The facility shakes as alarms scream overhead. Security forces are closing in.

🔑 Dante takes point, leading the way through the tunnels.

🔑 Ghost covers the rear, rifle raised.

🔑 Naomi carries the explosives, ready to set them as soon as you're clear.

🔑 The experiments follow—some limping, some eerily *calm*.

🔥 You push forward. Fast. Silent.

🚒 Then—voices ahead.

💀 Security. Two armed squads blocking the exit. No way around them.

Ghost hisses, pulling back behind cover.

Ghost (whispering): *"We're outnumbered. We can't fight them all head-on."*

Dante grins, rolling his shoulders.

Dante: *"We don't have to."*

🔥 He glances back at the experiments.

💀 Time to decide—do they fight? Or do you keep them hidden?

🔑 FINAL CHOICE – HOW DO YOU CLEAR THE EXIT?

- ◆ 1 Let the Experiments Loose – Security won't stand a chance.
- ◆ 2 Create a Diversion & Slip Past Undetected – No fighting, just *stealth*.
- ◆ 3 Attack Together – Your team *and* the experiments hit as one strike force.

Action Chosen: Create a Diversion & Slip Past Undetected

🔥 No reckless fights. No unnecessary risks. You get *out*—without them ever knowing you were here.

💀 Security is strong, but they're looking for *intruders*, not ghosts. Time to use that against them.

🔑 SETTING THE DIVERSION

🔑 Naomi pulls up her tablet, scanning for environmental triggers.

Naomi (whispering): *"There—heat vents. I can override them, trigger a fire alert on the far side of the facility."*

🔑 Ghost places a small charge on a stack of fuel canisters, positioning it *just right*.

🔥 One explosion. One moment of *pure chaos*.

Dante smirks, gripping his knife.

Dante: *"Give me five seconds and they'll be running the other way."*

🔑 EXECUTING THE ESCAPE

💣 BOOM!

🔥 The canisters explode, sending a fireball down the corridor.

🚒 ALARMS TRIGGERED. EMERGENCY RESPONSE REDEPLOYING.

💀 The guards scatter—rushing toward the flames, weapons drawn.

🔥 And in that moment—you *move*.

🔑 Silent footsteps. Shadows slipping past open doors.

🔑 The experiments follow, barely making a sound.

🔑 The child walks *like he's done this before*.

🚒 Then—you reach the final corridor.

Joel: “Go. Now.”

💀 And just like that—you’re *out*.

🔑 SURFACE LEVEL – ESCAPE COMPLETE

👉 You emerge through an old maintenance shaft, cold air rushing over you.

🔥 Behind you—Blacksite Omega-2 still burns.

Naomi **kneels, activating the detonator.**

Naomi: “One push, and Kain loses everything.”

You **lock eyes with the experiments—what’s left of Kain’s victims.**

🚒 The broken Hunter watches, trembling.

🚒 The towering figure exhales slowly, fists clenched.

🚒 The black-eyed woman just *smiles*.

🚒 The child... still watches you. Waiting.

💀 Then—you press the button.

💣 BOOM.

🔥 Blacksite Omega-2 collapses into fire and rubble.

💀 Project NOX is *dead*.

🔑 MISSION SUCCESS – KAIN’S NIGHTMARE IS GONE

- ✅ Blacksite Omega-2 Destroyed – No more experiments. No more horrors.
- ✅ Security Evaded – No casualties on your side. No alarms raised on your team.
- ✅ All Experiments Rescued – Their fate is now *yours* to decide.

Dante **grins**, stretching his arms.

Dante: “*Damn, rookie. That was clean.*”

Naomi **exhales sharply**.

Naomi: “*Yeah... but Kain’s going to feel this.*”

💀 She’s right. You just erased his greatest weapon.

🔥 Now—it’s time to finish *him*.

🔑 FINAL STEP – CHOOSING YOUR NEXT MOVE

- 💠 ☐ Prepare for the Final Assault – Now that Kain has nothing left, you **strike**.
- 💠 ☐ Find Out What the Experiments Know – They’ve been inside Kain’s mind. Maybe they have the key to ending him.
- 💠 ☐ Set a Trap – Make Kain **come to you** instead of chasing him.

💀 Kain is exposed. Weak. But he’s not done yet. How do you end this war, Joel?

🔥 Kain has nothing left to hide behind. No secret projects. No experiments. No advantage.

💀 Now? You *finish* this.

🔑 FINAL OBJECTIVE – ELIMINATE ELIAS KAIN

📍 LOCATION: KAIN'S PRIVATE FORTRESS – ABANDONED MILITARY COMPLEX

📍 DEFENSES: Automated turrets, Hunter squads, fortified security measures.

📍 OBJECTIVE: Take down Kain—permanently.

🔥 This isn't just revenge. It's the end of his war.

Naomi pulls up stolen intelligence, scanning schematics.

Naomi: *"Kain's base is a fortress. Direct assault is suicide."*

The Alpha leans forward, eyes burning.

The Alpha: *"Then we burn it down from the inside."*

🔑 CHOOSING YOUR ATTACK STRATEGY
